

PRESS RELEASE

infoteam celebrates 40 years of innovation and success

Bubenreuth, 07th of August, 2023

- Institution in the software sector
- Reliable partner from consulting to implementation to solution support
- Success is based on the commitment and enthusiasm of its employees

The infoteam Software Group, a leading provider of customised software solutions, proudly celebrates its 40th anniversary in 2023. Since its foundation in 1983, the company has become a pioneer in the software industry and has achieved numerous successes that are worthy of celebration.

Looking back with pride - looking forward with commitment

For four decades, the infoteam Software Group has been consistently committed to innovation and continuous development. The company has developed into a reliable partner for companies within the industrial, infrastructure, life science and public sector markets that rely on innovative and reliable software solutions. The consistent vision to deliver future-oriented technologies and first-class service has made the infoteam Software Group what it is today - an institution in the software sector.

"We are proud to celebrate our 40th anniversary and to look back on the successes we have achieved during this time," says Michael Sperber, CTO of infoteam Software Group. "Our success would not have been possible without the commitment and enthusiasm of our employees and the trust and support of our customers as well as our cooperation partners. We would like to thank everyone who has accompanied us on this journey."

Over the years, infoteam has received numerous awards. For example, according to Statista, the medium-sized company is one of the most innovative companies in Germany and also joins the list of "Bavaria's Best 50".

"Our success is based on our ability to meet the needs of our customers while driving technological developments," adds Michael Sperber. "We will continue to invest in our employees to ensure that our holistic approach continues to contribute to an innovative product development process. We accompany our customers from consulting to implementation and solution support."

The infoteam Software Group looks to the future with confidence and looks forward to continuing to develop innovative software solutions for its customers. The company will continue to strengthen its position in the industry and expand its global presence.

About infoteam Software Group

infoteam Software Group has been implementing unique software solutions for their customers in the industry, infrastructure, life science and public service markets for 40 years. Its core business comprises the partial and total development of control and embedded software, middleware and application software – agile, modern and in line with the latest security requirements. Special areas of expertise include normatively regulated software for use in medical and laboratory equipment (IVDR, MDR, FDA, ISO 13485, IEC 62304, etc.) as well as functionally safe software at the highest safety level (IEC 61508, EN 50128, etc.). The service portfolio is well rounded as a result of many years of experience in data analysis, AI and machine learning.

infoteam Software Group employs more than 300 people and has offices and subsidiaries in Germany, the Czech Republic, Switzerland and Greece. The parent company, infoteam Software AG, is headquartered in Bubenreuth in the Bavarian metropole region Nuremberg, Germany.
